

Ideas that will make a positive impact

Description:

Is the aim of your idea described in clear, active and positive language?

Key questions:

1. How will this idea make a positive impact in the school?
2. How will we know that it's had an impact? What will be different?
3. Could it possibly have a negative impact or create new problems? Can we avoid this happening?

Other information to explain to others why this is a good idea:

- Can students implement this idea?
- Will it involve some or all students, staff and parents?
- Do we have or can we get the resources needed?
- Can we set up this idea this year?
